OFFICE OF FEDERAL COMPLIANCE AND FINANCIAL AID

Lenders Chosen by UI&U Learners

Union Institute & University (UI&U) learners may choose any lender and guaranty agency for their Stafford Loan, Graduate PLUS loan and Parent PLUS loan that participates in the Federal Family Education Loan Program (FFELP). UI&U does not have a preferred lender list. We do not endorse or recommend any lender. This list represents some of the lenders our learners have chosen during the past three to five years and it is not intended to be inclusive of all lenders. We recommend that you visit lender web sites for the latest information on their benefits and services. This list is presented in alphabetical order.

Remember - you can choose any lender including a lender that is not on this list.

If your lender choice is not on this list please contact our office so that we can direct you appropriately in completing the student loan application process.
